The Port of Ruse celebrates its 150th anniversary

Ruse, 24 June 2016

In 2016, the Port of Ruse (Bulgaria) celebrates its 150th anniversary. This special milestone was celebrated with different events and activities. On 24 June, Alexander van den Bosch attended the final celebration: a concert at the Great Hall of Dohodno Zdanie, where he had the occasion to hand over an official EFIP flag.

The Port of Ruse is the biggest Bulgarian river port on the Danube. It has an important position along the Pan-European Transport Corridors. Furthermore, as a multimodal transport centre, the port provides a suitable connection between three modes of transport, namely water, rail and road transport.
